

# LETS GET CREATIVE IN A CRISIS

---

# WEEK 4

## MEMORIES

---

This week's theme is **Memories**. Memories are a record of experience. It is the ability to remember past experiences, and the power or process of recalling to mind previously learned facts, experiences, impressions, skills and habits.

There are many different ways you could portray memories; you could create an abstract photo trying to convey the idea of memories; it could be a particular memory you have from your childhood, or maybe you could to recreate or reenact an old photo. You could also think about objects that have a significant memory to you, maybe you could consider using post production and blend memories together, or perhaps portray your memories in first person - you could record your memories of being in lockdown, it could portray an emotion or even your activities. Tell us your memories!

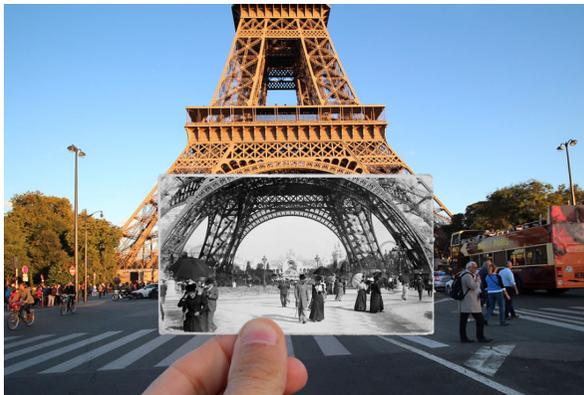

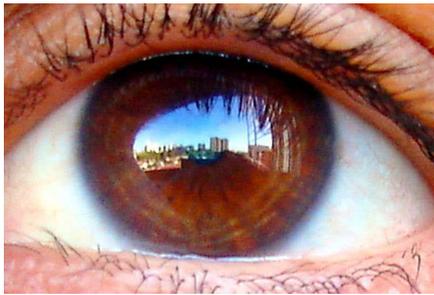

---

## YOUR TASK

Show us your fondest memories!  
Take 2-4 photos or create an artwork  
of your memories. You could portray  
this in anyway you like.
